Projects

- **Virtual Health Care**
 - A Mobile Application developed using Android Studio as a final year project in T.Y.B.Sc.I.T.
 - Here we have Specialist Doctors from different fields (Physician, Heart, Eyes, Dental, ENT)
 - We can select Diseases we are suffering with, or else we can even add our own comment
 - There's even a Payment Portal from Razor Pay
 - The whole application is fully User Friendly
- **Landing Page for EMAAR Beachfront**
 - Developed a landing page for a community in Dubai named Emaar Beachfront
 - Here you'll be getting the details of various buildings present inside that community
 - You'll get the Information of particular building such as Property Type, Starting Price, Bedrooms.
 - You can Download that particular buildings brochure as well
 - You can check the website {www.marinahomedubai.com}
